AMENDMENT

In response to the Official Action mailed on June 13, 2002, please amend the above-identified application as follows:

IN THE CLAIMS

- A1
10. (Once Amended) A retractable module system, comprising:
- a processor based device;
  - an LCD module;
  - a guide housing physically coupled to the processor based device sized to retractably receive the LCD module; and
  - a resilient member disposed in the guide housing and connected to the LCD module to bias the LCD module to a retracted position.
